

Who are the Lions?

Since 1917, local Lions clubs have offered people just like you the opportunity to give something back to their community.

Today, with over 1.3 million men and women in more than 205 countries, Lions have expanded their focus to help meet the ever increasing needs of society.

Being a Lion empowers you to help others. Now more than ever, people with vision problems, the environment, our senior community, our youth, and the disadvantaged here and around the world need your help.

In short, Lions give freely of their time and expertise to improve the vitality of living for others within their community.
